ON WHIRLING SHAFT

DASHED TO DEATH

Clifford Burfield of Blodgett, Mo., Eight Years Old, Meets with Terrible Death.

Blodgett, Mo., Dec. 14 .- Clifford Burfield, 8 years old, was killed yesterday by a drive shaft of the Blod-

The lad, taking hold of a moving shaft, was drawn to it. His clothing became wrapped around it and he was held fast to the machine, the shaft taking him round and round at the rate of 300 revolutions a minute, beating his body into the earth.

When the body was taken from the shaft his neck and many other bones vere broken and the flesh tora from

This part of the shaft is on the outside of the mill about two feet from the ground, and as the boy was whirled around he was dragged on the ground, making a hole three feet in length and 10 inches deep.

The superintendent said today that the boy was on the shaft at least three minutes before the mill was stopped; therefore, making about 1000 revolu-

Burfield, with other boys, had been playing with the shaft by lying down on it and being thrown off by its fast motion, and it was while doing this that he was killed.

A. M. Burfield, his father, is the engineer and was running the engine when the accident occurred.

Mrs. Paul Leming and little son, Edward Rozier, will arrive teday to spend the holidays with her parents, Mr. and Mrs. E. A. Rozier.

Miss Helen Chenault of Cape Girardeau is the guest of her niece, Mrs. Wm. M. Harlan.

If you want a Xmas or New Year's gift, for little money, can you think of anything that would be more useful or appropriate for any one than a year's subscription to The Farmington Times? It would be more than welcome to any resident, or former resident of this community. You could ransack every Santa Claus Headquarters without finding anything that would give such real satisfaction to the recipient, and its cost is but \$1.00 for the year 1916.

PUBLIC NOTICE

Notice is hereby given that all accounts owing to The Farmington Times, or The Farmington Times Printing Company, up to Monday December 13, 1915, excepting subscription accounts, are payable to P. E. Rhodes. When remitting or settling for an account made prior to December 13, 1915, make check, draft dence on Large street Wednesday, or money order payable to P. E.

M. A. RHODES, Prest. P. E. RHODES, Sec.

Taylorville, Ill.-Samuel H. Brown, oldest man in Christian county, is dead. He was 98 years old. He resided in Christian county since 1839 and established the first shoe shop in Taylorville in 1854. Eight children

Pittsburg, Kas.-Alexander Howat of Pittsburg, Kas., was chosen president of District No. 14, United Mine Workers of America. Howat resigned several months ago and instituted suit for \$50,000 against certain Kansas City coal companies and individuals, alleging they were responsible for the circulation of reports that he had been paid by the coal operators for making a mine contract.

NOTICE TO CORRESPONDENTS

All correspondents for The Times will take notice that I have sold The Times to Mr. A. W. Bradshaw, who has assumed the position of Editor and Business Manager, taking charge last Monday morning, December 13. 1915. I will settle with all correspondents for all items and news sent to The Times up to December 13, 1915; after that date Mr. A. W. Bradshaw will pay you for all items and news sent to this paper. Mr. Bradshaw desires to have all the correspondents continue to send in their items and news as you did when I was Editor.

I wish to express my appreciation of the valuable services rendered by all correspondents during my term, and with best wishes for their future success, I thank you one and all.

Signed: P. E. RHODES.

Why He Went, Jones, who doesn't own a motor car, and is never likely to, was met at the motor show by a friend, who ex-pressed surprise to see him there. "Well," said Jones, "it's lovely once a year to come and look at a whole mass of cars that you don't have to dodge."—Christian Register.

When You Bake Cake.

The evenness and smoothness of a cake depends to a large degree on the way the batter is put into the baking tins. Care must be taken that the corners are filled and that the batter does not lie thicker in the middle of the pan. A list or bulge in the center of a baked cake is often the result of lack of such precaution. Smooth the batter lightly with a spoon. It is very necessary to have special baking pans for different varieties of cakes such as the angel food pans shown by dealers. The moment the batter has been spread the cake should be put into the oven, as t will lose its lightness if allowed to stand.

Some of the most delicious cakes are ruined while turning them from the pan. If the pan containing the cake is set on a cloth wrung out of warm water and left for a few minutes the cakes will turn out without any
